

Daniel Mortensen

Game Developer for over 9 years | Level Designer & Level Artist | Game Director & Producer

North Denmark Region, Denmark | danielmortensen123@gmail.com | baracuda.artstation.com | [linkedin.com/in/baracuda](https://www.linkedin.com/in/baracuda)

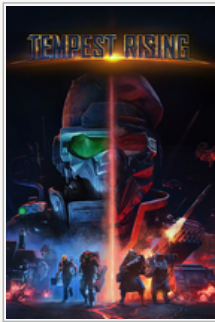

PROFILE

Game developer with over nine years of experience across game direction, production, game and level design, and work as a set-dressing level artist. Experienced in leading multidisciplinary teams, coordinating levels from blockout through full set dressing and finalization, mentoring developers, and moving between creative leadership and implementation as projects require. Strong Unreal Engine 4 and 5 background, with experience across many different types of projects, co-development, console production, and post-launch content development.

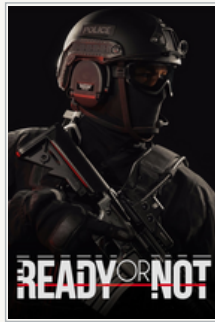

CORE SKILLS

Game Development	Game Direction	Game Design
Level Design	Set Dressing	Production Support
QA	Unreal Engine 4 + 5	Community & Social Media
Production & Delivery	Team Leadership & Mentoring

WORLD ONE

WARPAWS

Detailed responsibilities and project breakdowns are available in the accompanying Full Project Portfolio.

PROFESSIONAL EXPERIENCE

Level Artist - Set Dressing | Slipgate Ironworks

May 2025 - August 2026 | Aalborg Municipality, North Denmark Region, Denmark

Create and refine post-launch Tempest Rising content through multiplayer level design and set dressing, including repurposing and reworking selected campaign maps for multiplayer.

Also contribute set dressing to new campaign missions for The Vet's Wrath expansion.

Associate Producer, Assistant Game Director & Game Designer | Slipgate Ironworks

April 2023 - May 2025 | Aalborg, North Jutland, Denmark

Led coordination between the Level Design and Level Art teams, helping bring the remaining 18-20 Tempest Rising campaign missions from blackout through final set dressing and into shipping quality.

Later moved into assistant game direction and design during the final polish phase, contributing to gameplay refinement, achievements, multiplayer levels, and cross-discipline delivery.

Game Director & Producer | Slipgate Ironworks

May 2021 - April 2023 | Aalborg, North Jutland, Denmark

Led creative direction and game design for WARPAWS across gameplay systems, units, levels, UI, and multidisciplinary team coordination.

Later assumed day-to-day production responsibilities, including publisher communication, milestones, schedules, build deliveries, and development roadmaps.

Mentored emerging animation and environment-art talent who later progressed into lead roles.

Level Designer | Slipgate Ironworks

April 2017 - May 2021 | Aalborg, North Jutland, Denmark

Contributed level design, set dressing, lighting, co-development, and production support across Rad Rodgers, Ghostrunner, GRAVEN, WRATH: Aeon of Ruin, and other internal projects.

Also supported community management, social media, video production, livestreaming, and internal production coordination as project needs required.

Level Design & QA Support | 3D Realms (Concurrent)

April 2017 - April 2022 | Alongside Slipgate Ironworks roles | Aalborg, Denmark

Provided additional level design, QA, and publishing-side support for selected internal and externally developed projects.

Level Designer Advisor | VOID Interactive

November 2018 - November 2019

Advised on level design for campaign content and early PvP multiplayer maps.

Level Designer | Interceptor Entertainment

December 2015 - December 2016

Started my professional level-design career on Rad Rodgers, progressing from an internship test assignment to set dressing, final-detail passes, and environmental audio work across the levels.

EARLIER EXPERIENCE

Sales Assistant / Part-Time Sales | GameStop

August 2008 - April 2012 | Frederikshavn and Aalborg, Denmark

Worked across customer service, product guidance, sales, and daily store operations in multiple GameStop store locations.
